REPORT

FOR THE YEAR 1936-37

Annual Report on the working of the Board of Indian Medicine, United Provinces, for the year 1936-37

THE composition of the Board of Indian Medicine, United Provinces, during the year 1936-37, was as follows :

CHAIRMAN

(1) Sir Syed Wazir Hasan, Ex-Chief Judge of Oudh, Lucknow.

MEMBERS

Nominated by Government

(2) Rai Bahadur Pandit Kanhaiya Lal, Retired Judge, High Court, Allahabad.

(3) Hakim Mohammad Nasiruddin Zahiri, Babush-Shifa, Karam Ali Street, Meerut.

(4) Shifa-ul-Mulk Hakim Abdul Hamid, Takmil-ut-Tib College, Lucknow, from 24th August, 1936.

(5) Khan Sahib Hakim Syed Wahiduddin Ahmad Jafri, Anwar Ahmadi Press, Allahabad, from 24th August, 1936.

(6) Pandit Shyam Lal Vaidya, Chowk, Lucknow, from 24th August, 1936.

(7) Kaviraj Ganesh Dutt Saraswat, B.A., Rishikul Ayurvedic College, Hardwar, from 24th August, 1936.

Elected by the Legislative Council, United Provinces

(8) Pandit Shri Sadayatan Pande, M.L.C., of Ahraura, district Mirzapur.

(9) Raja Jagdambika Pratap Narain Singh, M.L.C., of Ajodhya, Fyzabad District.

Elected by the Benares Hindu University, Benares

(10) Dr. M. S. Varma, M.B., B.S., Benares.

Elected by the Muslim University, Aligarh

(11) Dr. A. Butt, M.D., M.B., B.S., Aligarh.

Elected by the Allahabad University, Allahabad

(12) Dr. N. R. Dhar, D. SC., Allahabad.

Elected by the Lucknow University, Lucknow

(13) The Hon'ble Rai Bahadur Lala Mathura Prasad Mehrotra, B.A., Biswan, district Sitapur.

Representing Ayurvedic teaching Institutions

(14) Pandit Rajeshwar Dutt Misra, Ayurvedic College, Hindu University, Benares.

(15) Kaviraj Pratap Sinha, Superintendent, Ayurvedic Pharmacy, Benares Hindu University, Benares, from 27th July, 1936.

Representing Unani teaching Institutions

(16) Hakim Abdul Latif, of Tibbia College, Muslim University, Aligarh.

(17) Shifaul Mulk Hakim Abdul Hasib, Cantonment Road, Lucknow, from 27th July, 1936.

Elected by the United Provinces, Anjuman Tibbia, Lucknow

(18) Hakim Muhammad Abdul Moid, Jhawai Tola, Lucknow.

Elected by the United Provinces Vaid Sammelan, Cawnpore

(19) Pandit Rameshwar Misra, Vaidya Nayaganj, Cawnpore.

Representing registered Vaids

(20) Pandit Jagan Nath Prasad Shukla, Vaidya, Daraganj, Allahabad.

(21) Pandit Jagan Nath Sharma Bajpai, M.A., Assi, Benares.

Representing registered Hakims

(22) Hakim Ahmad Usmani, Unani Medical School, Allahabad.

(23) Hakim Maulvi Zaheer Alam, Nakhas Kohna, Allahabad.

SECRETARY

(24) Mr. S. Phillips, Lucknow.

2. The number of the members of the Board has been increased by the Government during the year under report from 18 to 22. This amendment in the constitution of the Board now gives full representation to the different bodies of which the Board is composed.

Meetings of the Board and Sub-Committees

3. As in previous years, two general meetings of the Board were held during the year 1936-37 and the following sub-committees consisting of selected members of the Board also met from time to time :

(1) Examination Board,

(2) Courses Committee,

(3) Recognition Committee,

(4) Grants-in-aid Committee, and

(5) Registration Committee.

Examination

4. The Board conducted both the practical and theoretical examinations of candidates in Ayurvedic and Unani medicine from the educational institutions affiliated to it in April, 1936, at Lucknow, Aligarh, Allahabad and Hardwar. The total number of the candidates who appeared at these examinations was 117 as against 107 last year.

Eleven candidates, out of 12 passed the 5th year Unai College (Final) Examination for the Diploma in Indigenous Medicine (Unani) and Surgery, from the Tibbia College, Aligarh, while one was placed in the compartmental examination. Eleven candidates out of 13 who appeared at the 3rd Year Unani Examination from that College were successful, while two candidates were placed in the compartment.

Eighteen candidates appeared at the 2nd Year Unani Examination from the same college and all of them were successful. Seven candidates out of 8 passed the 4th Year Unani Schools (Final) Examination for the Diploma in Indigenous Medicine (Unani) from the Unani Medical School, Allahabad, while 1 candidate failed. Ten candidates appeared at the 2nd Year Unani Schools Examination from that school and all of them were successful. Nine candidates out of 11 passed the 4th Year Unani Schools (Final) Examination for the Diploma in Indigenous Medicine (Unani) from the State-aided Unani Medical School, Lucknow, while 1 was placed in the compartment and 1 failed. Nine candidates appeared at the 2nd Year Unani Schools' Examination from that school and all of them were successful.

Seven candidates out of 12 passed the 4th Year, 2nd Professional Part B, Ayurvedic School (Final) Examination for the Diploma in Indigenous Medicine (Ayurvedic) from the Rishikul Ayurvedic College (School) Hardwar, while 3 were placed in the compartmental examination, 1 was absent and 1 failed. Eleven candidates who had appeared at the 3rd Year, 2nd Professional Ayurvedic School Examination, Part A, from that institution were successful. Ten candidates out of 14 passed the 2nd Year, 1st Professional Ayurvedic School Examination from the same institution and 4 failed.

The results were published in Part IV of the *United Provinces Government Gazette*, dated the 30th May, 1936, at pages 219 to 221.

One or more members of the Board were present at each centre at the time that the examinations were being held.

A sum of Rs.872 was realized from the examinees on account of admission fee.

The recommendation of the Board that in the interests of the candidates the compartmental examinations of all the Ayurvedic and Unani educational institutions affiliated to it should be held six months after the date of the annual examinations each year instead of holding the same with the annual examinations, having been accepted by Government, the Board held these compartmental examinations in the months of October and November, 1936, at the centres concerned.

The candidate who had been placed in the compartment at the 5th Year Unani College (Final) Examination (Annual) held in April, 1936, got through. Two candidates who were placed in the compartment at the 3rd Year Unani College Examination (Annual) held in April, 1936, were also successful.

The candidate belonging to State-aided Unani Medical School, Lucknow, who was placed in the compartment at the 4th Year Unani Schools (Final Examination) (Annual), held in April, 1936, was successful.

Three candidates who were placed in the compartment at the 4th Year, 2nd Professional, Part B, Ayurvedic School (Final) Examination (Annual) held in April, 1936, were successful. Out of the 3-candidates who were placed in the compartment at the 2nd Year Ayurvedic School Examination (Annual) held in April, 1937, 2 were successful and one was absent.

Convocation

5. The fourth Convocation of the Board at which the affiliated Ayurvedic and Unani educational institutions were represented was held on the 21st February, 1937, in the United Provinces Legislative Council Chamber, Lucknow, the Convocation was followed by an "At Home" given by the Chairman and Members of the Board at the Councillors' Residence. Diplomas and medals were awarded to the successful candidates at that Convocation. The Convocation Address was delivered by Sir Wazir Hasan, Chairman of the Board.

Sir Wazir Hasan's Gold Medal was awarded to Jai Krishna Varma, for standing first in the 4th Year Ayurvedic Schools (Final) Examination .

Rai Bahadur Pandit Kanhaiya Lal's Gold Medal was awarded to Reasat Hussain for standing first in the 4th Year Unani Schools (Final) Examination.

Dr. A Butt's Gold Medal (described as Sir Wazir Hasan's Gold Medal) was awarded to Abdul Majid Khan for standing first in the 5th Year Unani College (Final) Examination.

Pandit Shri Sadayatan Pande's Silver Medal was awarded to Agha Ali Ahmad for standing first in the 2nd Year Unani Schools Examination.

Dr. M. S. Varma's Silver Medal was awarded to Chaitanya Swaroop, for standing first in the 2nd Year Ayurvedic Schools Examination.

Hakim Ahmad Usmani's Silver Medal was awarded to Syed Mahmud Akhtar for standing first in the 3rd Year Unani College Examination.

Hakim Abdul Latif's Silver Medal was awarded to Mohammad Jafar for standing second in the 5th Year Unani College (Final) Examination.

Pandit Jagan Nath Prasad Shukla's Silver Medal was awarded to Syed Inayat Ali Shah Naqvi, for standing second in the 4th Year Unani Schools Examination.

Hakim Mohammad Nasiruddin Zahiri's Silver Medal was awarded to Jai Ram Misra for standing second in the 4th Year Ayurvedic Schools Examination.

Pandit Jagan Nath Sharma Bajpai's Gold Medal was awarded to Jai Ram Misra for standing first in Medicine no. 1 in the 4th Year Ayurvedic Schools Examination.

Pandit Rameshwar Misra's Silver Medal was awarded to Mathura Das Gupta, for standing first in Pathology in the 4th Year Ayurvedic Schools Examination.

Pandit Shyam Lal Vaid's Silver Medal was a warded to Madan Gopal Gupta for standing first in Ayurvedic Chikitsa at the 4th Year Ayurvedic Schools Examination held in 1935.

The Government was pleased to declare in 1935 that they would consider the question of making provision in the budget for 1936–37 for the cost of medals to be awarded to such students as secured high positions in the Board's examination, but later on Government expressed its inability to make the necessary provision in the budget on account of financial stringency. The Board intends approaching the Government again on the subject.

Courses of Study

6. On the recommendations of the Courses Committee as also to encourage the students to give proper attention to Ayurvedic and Allopathic subjects taught to them, the Board has redistributed the Ayurvedic and Allopathic subjects for purposes of Ayurvedic Schools examination papers. This redistribution of subjects has resulted in an overhauling of the whole course of studies prescribed for Ayurvedic Schools. The additional expenditure which will be incurred in consequence thereof by way of remuneration to be paid to the examiners will be included in the budget for 1938–39, the year in which the new scheme will be introduced.

Recognition of Institutions

7. As a result of the correspondence entered into by the Board with the Ayurvedic and Unani educational institutions receiving aid from it on the subject of recognition, certain institutions have applied for recognition and their applications will be considered by the Board after 31st March, 1937.

Distribution of Grants

8. This year, in addition to the grant of Rs. 34,499, Government has been pleased to place at the disposal of the Board an additional grant of Rs.15,000 for the development of the indigenous systems of medicine. A portion of the latter amount has been utilized by the Board in granting subsidies to about 90 indigenous medical practitioners who expressed a desire to settle down in villages and small towns

for practice and to give free medical aid to the villagers there. The grant of these subsidies may be regarded as a new step taken by the Board for the expansion of the indigenous systems of medicine and for giving free medical relief in rural areas. Before the subsidies were granted the subsidy-holders were asked to settle down in places where there were no facilities for medical aid within a radius of five miles. The introduction of the scheme for granting subsidies, besides extending medical aid in rural areas has resulted in employment being provided for some of the graduates who have qualified themselves in Ayurvedic and Unani systems of medicine from the institutions affiliated to the Board. The amount of subsidy although small has helped them much in the beginning of their career. If sufficient funds are placed at the disposal of the Board by Government it will be possible to subsidise more dispensaries in the province and problems such as unemployment amongst our graduates and the lack of medical facilities in villages will be solved to a large extent.

The Board distributed grants varying from Rs.60 to Rs.2,700 during the year under review out of a portion of the lump sum allotment of Rs.49,499 placed at its disposal to 385 dispensaries as against 254 dispensaries in 1935-36. The remaining portion of the allotment was utilized towards the payment of subsidies of Rs.120 each to 89 subsidy-holders. The details of the various classes of grants are given below:

Ayurvedic

	Rs.	
73 private dispensaries in rural areas	4,730	(minus) Rs.180 lapsed).
32 public dispensaries in rural areas	3,700	
34 private dispensaries in urban areas	2,350	(minus Rs.60 lapsed).
23 public dispensaries in urban areas	5,649	
83 dispensaries under the control of 12 district boards in the province	1,645	
5 dispensaries under the control of 4 municipal boards in the province	375	
2 dispensaries maintained by recognized teaching institutions which also receive aid from Government direct	2,300	
1 dispensary maintained by an unrecognized teaching institution which also receives aid from Government	270	
3 dispensaries maintained by unrecognized teaching institutions which do not receive any aid from Government direct	1,550	
49 subsidised dispensaries	5,880	
305	28,449	

Unani

	Rs.	
37 private dispensaries in rural areas	2,410	(minus Rs.60 lapsed).
52 private dispensaries in urban areas	3,560	
6 public dispensaries in urban areas	540	
22 dispensaries under the control of 12 district boards in the province	1,645	
6 dispensaries under the control of 4 municipal boards in the province	375	
2 dispensaries maintained by recognized teaching institutions which also receive aid from Government direct	2,100	
1 dispensary maintained by a recognized teaching institution which does not receive aid from Government direct	2,200	
3 dispensaries maintained by unrecognized teaching institutions which do not receive any aid from Government direct	3,420	
40 subsidized dispensaries	4,800	
169	21,050	
Grand total, 474 dispensaries ..	49,499	

In the previous year, 239 dispensaries (actual) received grants from the Board. Out of these 231 dispensaries were allotted grants again in the year under report. The proprietors of the remaining 8 dispensaries were not given any grant as the work of some of them was not reported on favourably by the Revenue authorities and the district and municipal boards, or they had either closed down their dispensaries or did not do any useful work to justify the continuance of the grant to them.

The number of new applications for grants was 295 (236 Ayurvedic and 59 Unani) of which only 54 (35 Ayurvedic and 19 Unani) were given grants. Four municipalities, viz. Orai, Agra, Bareilly, and Lucknow and the District Boards of Lucknow, Hardoi, Rae Bareli, Bahraich, Ballia, Jhansi, Hamirpur, Fatehpur, Farrukhabad, Etah, Pilibhit and Fyzabad, 12 in number were also given grants again for the year 1936-37. Two hundred and fifty-four applications (200 Vaids and 54 Hakims) for a subsidy were received during the year 1936-37. Out of these 89 (49 Vaids and 40 Hakims) were considered deserving of the subsidy and were therefore given Rs.120 each for the year.

Registration of Vaids and Hakims

9. The Board received a large number of applications from Vaids and Hakims for registration of their names during the year 1936-37. Two hundred and fifty-three Vaids and 52 Hakims were registered in that year and many applications were rejected as the qualifications of the persons presenting them were not of the required standard.

A sum of Rs.1,960 was realized as registration fee from 253 Vaids an 52 Hakims who were enrolled during 1936-37.

A sum of Rs.12-14 was also realized by the Superintendent, Government Printing and Stationery, United Provinces, Allahabad, during the year from the sale of 103 copies of the Registration Rules. In addition, Rs.11-6 was realized by that officer from the sale of 7 copies of the List of registered Vaids and Hakims in that year. Further the Superintendent realized a sum of Rs.7 from the sale of 10 copies of the reports on the working of the Board for the years 1930-31, 1931-32, 1932-33 and 1933-34. Eleven copies of the Ayurvedic Schools Prospectus were also sold for Rs.4-2.

Accounts, Forms, Stationery, Furniture and Movable Property

10. The accounts of the Board were kept in proper order during the year under report. All the registers required for purposes of the accounts were maintained and they were audited under the direction of the Examiner, Local Fund Accounts, United Provinces. Stock-books of forms, stationery, furniture and movable property were also maintained.

Office Establishment

11. The work of the Board has considerably increased during the year under report. Consequently, the work in the office has become almost unmanageable. It has been reported to Government several times previously that the office is hopelessly undermanned and that the staff has great difficulty in getting through the work. The need for extra assistance cannot be over-estimated.

The office received 4,083 letters and despatched 3,275 letters in the year under review. In addition, 2,868 monthly returns, 239 annual returns, 507 inspection notes, 837 reports were received in the office. These were checked carefully for purposes of the statements prepared for the use of the Board.

An allowance of Rs.15 per month was also paid for six months, with effect from 1st April, 1936, to a part-time clerk who was engaged at the Tibbia College, Muslim University, Aligarh, for work connected with the examination held by the Board.

Working of the Dispensaries

12. A perusal of paragraph 8 of this report will show that 385 Ayurvedic and Unani dispensaries in the province excluding the subsidized dispensaries were allotted grants-in-aid for the year 1936-37. The dispensaries in the rural areas treated 2,321,838 patients free of charge during the year under report as against 1,942,856 patients in the previous year. The dispensaries in the urban areas afforded medical relief free of charge to 2,335,249 patients as against 2,100,692 patients in the preceding year. The total number of patients treated free of charge by these dispensaries was 4,657,087 in the year under report as against 4,043,548 in the preceding year at a cost of Rs.38,819 (Rs.49,499 minus 10,680 allotted to subsidy-holders) sanctioned by Government under head "Development of indigenous systems of medicine in the United Provinces", *vide* statement no. 1 attached to this report.

Considering the valuable work done by these dispensaries as also the dispensaries which have been allotted subsidies this year in the various districts of the province where a very large proportion of the population has recourse to treatment afforded by the indigenous systems of medicine. As a sum of Rs.50,000 or less placed at the disposal of the Board so far has proved wholly inadequate to meet needs of the public and private Ayurvedic and Unani dispensaries and institutions which require assistance. From the reports of the Collectors and local bodies received by the Board it appears that a large number of dispensaries, particularly in rural areas, are capable of doing very good work and deserve Government aid. The Board receives a large number of applications from deserving Vaids and Hakims every year but it is unable to help them owing to the inadequacy of funds at its disposal. It is now up to the State to extend its patronage in a marked degree to these systems also which are both economical and efficacious, and which suit the temperament of a large majority of the population of these provinces.

Ayurvedic and Unani Schools and Colleges

13. There are 4 Ayurvedic Schools at Etawah, Cawnpore, Pilibhit and Bahraich and 4 Unani Schools (3 at Lucknow and 1 at Allahabad) which receive aid from the Board for the maintenance of the dispensaries attached to them and for imparting training in the indigenous systems of medicine.

Further, there are 2 Ayurvedic and Unani Schools at Hardwar and Lucknow and 2 Ayurevedic and Unani Colleges at Benares and Aligarh, respectively, which receive aid from Government direct. The Board also gives aid to these 4 State-aided institutions for the maintenance of their dispensaries in which patients are treated free of charge.

The educational institutions which are not in receipt of aid from Government direct deserve adequate help to enable them to bring themselves to the required standard of recognition which it is essential that they should acquire in the interest of the indigenous systems of medicine. The question of recognition of such institutions as are not affiliated to the Board has been pending for a long time for want of funds. If these institutions receive such aid from this Board as will enable them to get themselves recognized, the services of a large number of Vaids and Hakims, trained according to the modern systems of medicine, will be available for the treatment of the general public. The Board, however, is not in a position to help these institutions adequately unless the Government is pleased to increase the lump sum allotment placed at its disposal annually. Out of the above 12 institutions, only 5—the Tibbia College, Muslim University, Aligarh, the Ayurvedic College, Benares Hindu University, Benares, the Rishikul Ayurvedic College (School), Hardwar, the State-aided Unani Medical School, Lucknow, and the Unani Medical School, Allahabad—have so far been recognized by the Board. Detailed particulars of the working of all these schools and colleges are contained in Statement no. II attached to this report.

Inspections and Reports

14. The Revenue authorities were requested by the Board to inspect 351 aided dispensaries and educational institutions (339 dispensaries and 12 educational institutions) in urban and rural areas during the year under report. They inspected 314 dispensaries and 12 institutions. Twenty-five dispensaries were not inspected.

The district boards were requested to inspect 118 aided dispensaries and institutions (116 dispensaries and 2 educational institutions) excluding 105 dispensaries of thier own in the rural areas out of the 351 dispensaries and educational institutions which the Revenue authorities were asked to inspect but they inspected only 91 dispensaries and 2 educational institutions. They did not inspect 25 dispensaries.

The municipal boards were requested to inspect 116 aided dispensaries and educational institutions (106 dispensaries and 10 educational institutions) excluding 11 dispensaries of their own in the urban area out of the 351 dispensaries and intitutions which the Revenue authorities were asked to inspect but they inspected 78 dispensaries and 10 educational institutions and did not inspect 28 dispensaries.

Further, the Revenue authorities were requested to report on 549 new dispensaries (295 private dispensaries and 254 subsidized dispensaries) in urban and rural areas which had applied for grants and subsidies during the year under review. They submitted reports about 473 dispensaries (281 private dispensaries and 192 subsidized dispensaries). The remaining 76 were not reported on. The district boards were requested to furnish reports regarding 421 new dispensaries in rural areas out of the 549 dispensaries which the Revenue authorities were asked to inspect but they submitted reports about 287 dispensaries (165 private dispensaries and 122 subsidized dispensaries) and did not send any report as to the remaining 134 dispensaries. The municipal boards were asked to report on 91 new dispensaries in urban areas out of the 549 dispensaries about which the Revenue authorities were asked to report but they submitted reports regarding 77 (59 private dispensaries and 18 subsidized dispensaries) and did not send any report about 14 dispensaries.

It will thus appear that although the Revenue authorities and the local bodies inspected a large number of dispensaries and institutions during the year under report, some dispensaries and institutions still remained to be inspected. Printed inspection forms containing the points on which the inspection should have proceeded were supplied by the Board to the Revenue authorities and the District and Municipal Boards as usual and the forms were used by them at the time of the inspection of such dispensaries and institutions as were visited by them.

Inspections by Members of the Board

15. Hakim Ahmad Usmani, Pandit Jagan Nath Prasad Shukla, Vaid, Hakim Mohammad Nasiruddin Zahiri, and Pandit Rameshwar Misra inspected 6, 6, 39 and 1 dispensaries, respectively, during the year under report. In addition some members of the Grants-in-aid Committee inspected certain dispensaries and favoured the Board with their opinion in regard thereto, at the time of the distribution of the grants.

Conclusion

16. I was again ably assisted by the members of the Board and the members of the various sub-committees during the year under review. Their assistance has been extremely valuable.

I have again this year great pleasure in endorsing my opinion of previous years as regards the services of Mr. S. Phillips as Secretary of the Board. He has succeeded in maintaining the high level of efficiency in the work of the Board and in conscientious discharge of his duties as such. My only regret is that his splendid services for a continuously long period now have not still received any suitable recognition at the hands of Government.

The two clerks, Babu Babu Lal and Babu Gopal Krishna Gupta, who are attached to the office of the Board, have given me complete satisfaction with their work.

WAZIR HASAN,

Chairman, Board of Indian Medicine,
United Provinces.

LUCKNOW :

4	Dharma Pal Sharma	Rishikul Ayurvedic College (School), Hardwar	Anatomy (Theoretical and Practical).
7	Rameshwar Datt Sharma.	Ditto ..	Ditto.

WAZIR HASAN,
Chairman, Board of Indian Medicine,
United Provinces.

FROM

KHAN BAHADUR MUHAMMAD MUSHTAQ ALI KHAN
SAHIB, B.A.,
SECRETARY TO GOVERNMENT, UNITED PROVINCES,

TO

THE CHAIRMAN, BOARD OF INDIAN MEDICINE,
UNITED PROVINCES.

Dated Lucknow, the 17th November, 1938.

SIR,

MEDICAL DEPARTMENT.

I AM directed to acknowledge receipt of your letter no. 74/III—1, dated the 14th June, 1938, with which you forwarded a copy of the annual report on the working of the Board of Indian Medicine, United Provinces, for the year 1936-37, and to convey to you and to the members of the Board the appreciation of Government of the good work it discloses.

2. It is gratifying to note that an appreciation portion of the allotment of Rs.49,500 placed at its disposal by Government was spent in rendering medical aid to the rural population.

3. It is satisfactory that the registration of Vaids and Hakims appears to be gaining in popularity. The question of increasing the privileges of registered Vaids and Hakims as far as possible, and of the measures to be adopted for stopping quackery is engaging the serious attention of Government. It has been decided that the Vaids and Hakims to be appointed to the large number of new "Dawakhanas" and "Aushdhalayas," which are proposed to be opened in rural areas during the current financial year, should be qualified and registered with the Board, and Government contemplate to introduce as soon as possibly a Bill, the object of which would be to confer a statutory status on the Board, and to afford all reasonable facilities to qualified and registered Vaids and Hakims for practising the two systems.

4. The examination results of the various institutions affiliated to the Board for teaching the Ayurvedic and the Unani systems of Medicine continued to be satisfactory. Government have already restored the annual grant to the Rishikul Ayurvedic College, Hardwar, and the State-aided Unani Medical School, to the original figure of Rs.10,000, and also paid last year a non-recurring grant of Rs.2,500 to each of the institutions for equipment. The question of making further grants to these two institutions for their proper equipment is also being considered. With effect from the current financial year, a recurring grant of Rs.1,000 has also been sanctioned to the Bundelkhand Ayurvedic College, Jhansi, and the question of increasing its annual grant and also of giving it a suitable non-recurring grant after it has been placed under a duly constituted Managing Committee is also under examination.

5. It is satisfactory that the Revenue authorities inspected most of the institutions which they were asked to inspect. The District and Municipal Boards inspected 93 and 88 dispensaries and institutions out of 118 and 116 respectively referred to them. With the large increase in the number of Ayurvedic and Unani dispensaries and institutions to be made in the current and the future years, it may be necessary to have a regular inspecting staff for the purpose, and the question will be taken up soon after the establishment of the new dispensaries.

6. It is noted that the work of the Secretary and of the two office clerks continued to be satisfactory. Government have already sanctioned an increase in the pay of the two clerks, and the question of re-organizing the office of the Board will be taken up if and when the proposed Indian Systems of Medicine Bill which Government propose to introduce shortly in the Legislature is passed into law.

7. There seems to be a mistake on page 12 of the report where it is stated that the "Ayurvedic School at Etawah received aid from Government also direct in the year under report." No direct grant has ever been given to the Ayurvedic School at Etawah. Necessary correction may be made in the report before it is printed.

8. I am to add that in order to achieve the object of the Board's report it is necessary that its publication should be expedited. Government have, therefore, decided that the following instructions should be observed in respect of the submission and printing of these reports in future years :

(*a*) The report for 1937-38 should reach Government by 1st January, 1939, and after it has been reviewed, the reports for the two years, viz. 1936-37 and 1937-38 should be printed in one volume before 1st April, 1939.

(*b*) The report for 1938-39 should reach Government by 1st June, 1939, so as to be published by 1st September, 1939. Thereafter similar dates should be observed.

I have the honour to be,

SIR,

Your most obedient servant,

R. N. DEY,

For *Secretary*.

REPORT

FOR THE YEAR 1937-38

Annual Report on the Working of the Board of Indian Medicine, United Provinces, for the year 1937–38

THE work of the Board of Indian Medicine, United Provinces, was carried on during the year 1937-38 upon the lines of the preceding year with slight modifications. The constitution of the Board was as follows :

CHAIRMAN

(1) Sir Syed Wazir Hasan, Ex-Chief Judge of Oudh, Lucknow.

MEMBERS

Nominated by Government

(2) Rai Bahadur Pandit Kanhaiya Lal, Retired Judge, High Court, Allahabad.

(3) Hakim Muhammad Nasiruddin Zahiri, Babush-Shifa, Meerut.

(4) Khan Sahib Hakim Syed Wahiduddin Ahmad Jafri, Allahabad.

(5) Pandit Shiam Lal Vaid, Chowk, Lucknow.

(6) Pandit Ganesh Datt Saraswat, B.A., Ayurvedacharya, Rishikul Ayurvedic College, Hardwar.

(7) Shifa-ul-Mulk Hakim Abdul Hamid, Takmil-ut-Tib College, Lucknow.

Elected by the United Provinces Legislative Council

(8) Vacant.

Elected by the United Provinces Legislative Assembly

(9) Vacant.

(10) Vacant.

Representing Unani Teaching Institutions

(11) Shifa-ul-Mulk Hakim Abdul Hasib, Cantonment Road, Lucknow.

Representing Ayurvedic Teaching Institutions

(12) Kaviraj Pratap Sinha, Ayurvedic Pharmacy, Benares Hindu University.

Representing Unani Teaching Institutions

(13) Hakim Abdul Latif, Tibbia College, Muslim University, Aligarh.

Representing Ayurvedic Teaching Institutions

(14) Pandit Rajeshwar Datt Misra, Ayurvedic College, Benares Hindu University.

Representing Registered Vaids

(15) Pandit Jagan Nath Prasad Shukla, Daraganj, Allahabad.

(16) Pandit Jagan Nath Sharma Bajpai, MA., Assi, Benares.

Representing Registered Hakims

(17) Hakim Ahmad Usmani, Sabzimandi, Allahabad.

(18) Hakim Maulvi Zaheer Alam, Allahabad.

Elected by the Benares, Hindu University, Benares

(19) Dr. M. S. Verma, M.B., B.S., Benares.

Elected by the Muslim University, Aligarh

(20) Dr. A. Butt, M.D., M.B., B.S., Aligarh.

Elected by the Allahabad University, Allahabad

(21) Dr. N. R. Dhar, D.SC., Allahabad.

Elected by the Lucknow University, Lucknow

(22) Rai Bahadur Lala Mathura Prasad Mehrotra, B.A., Biswan, district Sitapur.

Elected by the United Provinces Anjuman-Tibbia, Lucknow

(23) Hakim Muhammad Abdul Moid, Jhawai Tola, Lucknow.

Elected by the United Provinces Vaid Sammelan, Cawnpore

(24) Pandit Rameshwar Misra, Cawnpore.

SECRETARY

(25) Mr. S. Phillips, Lucknow.

2. With the advent of the Provincial Autonomy the Government has amended the constitution of the Board slightly inasmuch as the Board will now include two members elected by the United Provinces Legislative Assembly and one member elected by the United Provinces Legislative Council instead of two members who used to represent the United Provinces Legislative Council in previous years. The Board has decided to ask the Government to have the rules for elections amended so as to confer on the members of the Board the right and privilege of voting at the elections of the Council of State, the Central Legislative Assembly and the Federal Assembly.

Meetings of the Board and Sub-Committees

3. Two general meetings of the Board were held during the year 1937-38. The work in connexion with the registration of the indigenous medical practitioners, examinations of Ayurvedic and Unani educational institutions under the control of the Board, revision of the courses prescribed for teaching in these institutions and distribution of grants-in-aid to dispensaries and educational institutions occupied the serious

attention of the Board throughout the year. As a result, there has been a substantial increase in the actual output of the work. The following sub-committees consisting of the selected members of the Board also met from time to time :

(*i*) Examination Board,

(*ii*) Courses Committee,

(*iii*) Recognition Committee,

(*iv*) Grants-in-aid Committee,

(*v*) Registration Committee, and

(*vi*) Finance Committee.

Examination Board

4. The Board conducted examinations of the institutions affiliated to it during the year under review in April and May, 1937, at Lucknow, Aligarh, Allahabad and Hardwar.

Ten candidates, out of 11, passed the 5th Year Unani College (Final) Examination for Diploma in Indigenous Medicine (Unani) and Surgery from the Tibbia College, Muslim University, Aligarh, while one was placed in the compartment. Twelve candidates out of 15, who appeared at the 3rd Year Unani College Examination from that College, were successful, and 3 candidates were placed in the compartment. Ten candidates out of 20 passed the 2nd Year Unani College Examination from the same College, while 8 were placed in the compartment, and 2 failed.

Five candidates out of 8 passed the 4th Year Unani Schools (Final) Examination for the Diploma, Indigenous Medicine (Unani) from the Unani Medical School, Allahabad, while 1 was placed in compartment, 1 failed and 1 was absent. Five candidates, out of 7 passed the 2nd Year Unani Schools Examination from that School, while 1 of them was placed in the compartment and 1 was absent.

Eight candidates, out of 13, passed the 4th Year Unani Schools (Final) Examination for the Diploma in Indigenous Medicine (Unani) from the State-aided Unani Medical School, Lucknow, while 3 were placed in the compartment and 2 failed. Eight candidates, out of 11, passed the 2nd Year Unani Schools Examination from that School, while 1 of them was placed in the compartment, 1 failed and 1 was absent.

Eleven candidates, out of 12, passed the 4th Year 2nd Professional, Part B, Ayurvedic School (Final) Examination for the Diploma in Indigenous Medicine (Ayurvedic) from the Rishikul Ayurvedic College (School), Hardwar, and 1 failed. Nine candidates, out of 12, passed the 3rd Year 2nd Professional Ayurvedic School Examination, Part A, from that institution and 3 were placed in the compartment. Ten candidates, out of 17, passed the 2nd Year 1st Professional Ayurvedic School Examination from the same institution, while 5 were placed in the compartment and 2 failed.

The results were published in Part IV of the *United Provinces Government Gazette,* dated the 26th June, 1937, at pages 1004 to 1006.

Some of the members of the Examination Board were present at each centre at the time when the examinations were held.

A sum of Rs.1,279-8 was realized from the examinees on account of admission fee.

The Board held compartmental examinations of the Ayurvedic and Unani educational institutions affiliated to it six months after the date of the annual examinations, i.e. in the month of October, 1937, at the centres mentioned above.

The candidate who had been placed in the compartment in the 5th Year Unani College (Final) Examination (Annual) held in May, 1937, passed in the subject in which he had failed in that examination. Two candidates, out of 3, who were placed in the compartment at the 3rd Year Unani College Examination (Annual) held in May, 1937, were successful and 1 was absent. Seven candidates out of 8 who were placed in the compartment at the 2nd Year Unani College Examination (Annual) held in May, 1937, were also successful and 1 was absent.

Three candidates belonging to State-aided Unani Medical School, Lucknow, who were placed in the compartment at the 4th Year Unani Schools (Final) Examination (Annual) held in April, 1937, were successful. The candidate belonging to the Unani Medical School, Allahabad, was absent at the compartmental examination of the 4th Year Class. Both the candidates belonging to the 2nd Year Unani Class of the Unani Medical School, Allahabad, and the State-aided Unani Medical School, Lucknow, were successful in the compartmental examination.

Three candidates who were placed in the compartment at the 3rd Year, 2nd Professional, Part B, Ayurvedic School (Final) Examination (Annual) held in April, 1937, were successful. Five candidates who were placed in the compartment at the 2nd Year Ayurvedic School Examination (Annual) held in April, 1937, were also successful.

Convocation

5. The fifth Convocation of the Ayurvedic and Unani educational institutions affiliated to the Board was held on 20th February, 1938, in the United Provinces Legislative Council House, Lucknow. The successful candidates were awarded diplomas and medals at that Convocation. Two addresses were delivered at the Convocation—one by Sir Wazir Hasan (read out by Rai Bahadur Dr. Kanhaiya Lal Sahib) and the other by Khan Bahadur Moulvi Fasihuddin Sahib, M.L.A. After the Convocation, the Chairman and the members of the Board were "At Home" to the guests at the Councillors' Residence.

Sir Wazir Hasan's Gold Medal was awarded to Ram Murti Pathak for standing first in the IV Year Ayurvedic Schools (Final) Examination.

Rai Bahadur Pandit Kanhaiya Lal's Gold Medal was awarded to Hari Lal Agarwal for standing first in the IV Year Unani Schools (Final) Examination.

Dr. A. Butt's Gold Medal (described as Sir Wazir Hasan Gold Medal) was awarded to Badruddin Ahmad for standing first in the V Year Unani College (Final) Examination.

Sifa ul-Mulk Hakim Abdul Hamid's Silver Medal was awarded to Mufid Ahmad for standing first in the II Year Unani Schools Examination.

Dr. M. S. Verma's Silver Medal was awarded to Ram Chandra Vaidya for standing first in the II Year Ayurvedic Schools Examination.

Hakim Ahmad Usmani's Silver Medal was awarded to Khan Ehsan Ilahi for standing first in the III Year Unani College Examination.

Hakim Abdul Latif's Silver Medal was awarded to Syed Moinuddin for standing second in the V Year Unani College (Final) Examination

Pandit Jagannath Prasad Shukla's Silver Medal was awarded to Muhammad Ahmad Ansari for standing second in the IV Year Unani Schools Examination.

Hakim Mohammad Nasiruddin Zahiri's Silver Medal was awarded to Bhagwat Saran Rastogi for standing second in the IV Year Ayurvedic Schools Examination (Final).

Kaviraj Pratap Sinha's Silver Medal was awarded to Syed Fazele Husain Rizvi for standing second in the IV Year Unani Schools Examination (Final).

Pandit Jagannath Sharma Bajpai's Silver Medal was awarded to Ram Murti Pathak for standing first in Ayurvedic Chikitsa of the IV Year Ayurvedic Schools Examination (Final).

Pandit Rameshwar Misra's Silver Medal was awarded to Bhagwat Saran Rastogi for standing first in Pathology of the IV Year Ayurvedic Schools Examination (Final).

Shifa-ul-Mulk Hakim Abdul Haseeb's Silver Medal was awarded to Mathura Datt Joshi for standing first in Pathology of the IV Year Ayurvedic Schools Examination (Final).

Pandit Shyam Lal's Silver Medal was awarded to Satya Deo Dani for standing first in Pathology of the IV Year Ayurvedic Schools Examination (Final).

The Government was moved to make provision in the budget for the year 1938-39 for the cost of medals to be awarded to such students as secured high positions in the Board's examinations but Government was unable to accede to the request of the Board in this matter.

The Board is making every endeavour in order that the services of the graduates of the educational institutions affiliated to it, who are now qualified indigenous medical practitioners, may be utilized to the

best advantage. Apart from exploring new avenues of work for them, the Board has asked Government to appoint them as paid medical officers of health, or otherwise, for schools under the control of the local bodies, and it is hoped that Government will be pleased to consider the proposal favourably. Further, the Board intends requesting the Government to make necessary amendments in the Public Health Manual so as to enable Vaids and Hakims, holding diplomas from the Board as also from the Benares Hindu University, to act as private vaccinators after obtaining licences for the purpose.

Courses Committee

6. As reported in the previous year's report, the Board has overhauled the whole course of studies prescribed for Ayurvedic schools, and as a result there has been a redistribution of Ayurvedic and Allopathic subjects taught to the students. The students now pay proper attention to both the Ayurvedic and Allopathic subjects. In the year under review the Board added a question paper in Eye Surgery to the Final Year examination of the Unani College.

Recognition Committee

7. Applications received by the Board from unrecognized Ayurvedic and Unani educational institutions in the province for recognition have been referred to the Recognition Committee for report. The cases of those institutions, which did not send in their applications for recognition, were ordered to be considered at a special meeting of the Board.

Distribution of Grants

8. Last year the Board utilized a portion of the lump sum allotment placed at its disposal in subsidizing about 90 indigenous medical practitioners, who had agreed to settle down in villages and small towns for practice and to give free medical aid to the villagers there.

This year, in order to bring medical relief through qualified practitioners of the Ayurvedic and Unani systems of medicine within easier reach of the rural population, Government propose to introduce immediately a scheme designed to encourage the establishment of Aushdhalayas and Dawakhanas and for settling Vaids and Hakims in suitable centres in the rural areas, both under a system of Government subsidies. The scheme is regarded as a wholesome measure for the expansion of the indigenous systems of medicine and for providing medical relief in rural areas.

Grants ranging from Rs.60 to Rs.2,700 were distributed by the Board during the year 1937--38 out of a portion of the lump sum allotment of Rs. 49,500 placed at its disposal to 386 dispensaries as against 385 dispensaries in the previous year. The remaining portion of the allotment was utilized towards the payment of subsidies of

Rs.120 each to 87 subsidy-holders. The details of the grants and subsidies are noted below :

Ayurvedic

	Rs.
78 private dispensaries in rural areas	5,060
32 public dispensaries in rural areas	3,760
38 private dispensaries in urban areas	2,550
21 public dispensaries in urban areas	5,500
83 dispensaries under the control of 12 district boards in the province	1,645
5 dispensaries under the control of 4 municipal boards in the province	375
2 dispensaries maintained by recognized teaching institutions which also receive aid from Government direct	2,300
1 dispensary maintained by an unrecognized teaching institution which also receives aid from Government direct	150
4 dispensaries maintained by unrecognized teaching institutions which do not receive any aid from Government direct	1,870
47 subsidized dispensaries	5,640
311	28,850

Unani

41 private dispensaries in rural areas	2,630
40 private dispensaries in urban areas	2,680
7 public dispensaries in urban areas	800
22 dispensaries under the control of 12 district boards in the province	1,645
6 dispensaries under the control of 4 municipal boards in the province	375
2 dispensaries maintained by recognized teaching institutions which also receive aid from Government direct	2,100
1 dispensary maintained by a recognized teaching institution which does not receive any aid from Government direct	2,200
3 dispensaries maintained by unrecognized teaching institutions which do not receive any aid from Government direct ..	3,420
40 subsidized dispensaries	4,800
162	20,650
Grand total, 473 dispensaries ..	49,500

Last year 374 dispensaries (actual, including 89 subsidized dispensaries) received grants from the Board. Out of these 327 dispensaries (including 89 subsidized dispensaries) were allotted grants again in the year under report. The proprietors of the remaining 47 dispensaries (including 20 subsidized dispensaries) were not given any grant as the Revenue authorities and the district and municipal boards did not report on the work of some of them favourably, or they had either closed down their dispensaries and failed to carry out the orders of the Board in the matter of regular submission of their monthly or annual returns or did not do any useful work to justify the renewal of the grant to them for the year 1937–38.

The number of new applications for grants (including subsidies) was 362 (258 Ayurvedic and 104 Unani) of which only 30 (21 Ayurvedic and 9 Unani) were given grants. Four municipalities, viz. Orai, Agra, Bareilly and Lucknow and the District Boards of Lucknow, Hardoi, Rae Bareli, Bahraich, Ballia, Jhansi, Hamirpur, Fatehpur, Farrukhabad, Etah, Pilibhit and Fyzabad, 12 in number, received grants again for the year 1937–38.

Eighteen out of the above 362 new applications (5 Vaids and 13 Hakims) were considered deserving of the subsidy and were therefore given Rs.120 each for the year 1937–38 to serve in the rural areas in addition to 69 (42 Vaids and 27 Hakims) whose subsidy of Rs.120 per annum each was renewed for the year 1937–38.

Registration of Vaids and Hakims

9. A large number of applications were received by the Board from Vaids and Hakims for registration of their names during the year 1937–38. Two hundred and fourteen Vaids (25 A class and 189 B class) and 74 Hakims (13 A class and 61 B class) were registered in the year under report and many applications were rejected as the persons who presented them were not found to be sufficiently qualified.

A proposal for the constitution of a special class for the registration of graduates of the Ayurvedic and Unani colleges in view of their high standard of teaching in Medicine, Surgery and the allied subjects, was referred to the Registration Committee for consideration and report during the year.

The question of amending the existing rules regulating the registration of indegenous medical practitioners in the light of experience gained during the last six years is receiving the serious attention of the Board. A sum of Rs.1,630 was realized as registration fee from 214 Vaids and 74 Hakims referred to above who were registered during 1937–38.

The Superintendent, Government Printing and Stationery, United Provinces, Allahabad, also realized a sum of Rs.34-4 during the year from the sale of 274 copies of the Registration Rules. In addition, Rs.9-12 was realized by that officer from the sales of six copies of the List of registered Vaids and Hakims in that year. Further the Superintendent realized a sum of Rs.5 from the sale of eight copies of the Reports on the Working of the Board for the years 1930–31, 1931–32, 32–33 and 1933–34. Eight copies of the Ayurvedic Schools Prospectus were also sold for Rs.3.

Accounts, Forms, Stationery, Furniture and Movable Property

10. During the year under report the accounts of the Board were kept in proper order. The Board maintained all the registers required for purposes of accounts. These registers were audited under the direction of the Examiner, Local Fund Accounts, United Provinces, Allahabad. Stock-books of forms, stationery, furniture and movable property were also audited.

Office Establishment

11. The increased activities of the Board have resulted in a large amount of additional work being thrown on the office. This has naturally pressed heavily on the staff and the work could only be completed by the office working extra time on holidays and outside office hours during the working days. The need for strengthening the staff cannot be over-estimated. The office received 4,798 letters

and despatched 3,473 letters in the year under review. In addition 4,488 monthly returns, 374 annual returns, 726 inspection notes and 520 reports were received in the office which had to be checked carefully for purposes of statements prepared districtwise for the use of the Board.

A part-time clerk engaged at the Tibbia College, Muslim University Aligarh, to assist Dr. A. Butt, M.D., M.B., B.S., Principal, Tibbia College, and Convener of the Board of Examiners, was paid an allowance of Rs.15 per mensem for six months with effect from the 1st April, 1937, in connexion with the examination held by the Board.

Working of the Dispensaries

12. As will appear from a perusal of paragraph 8 of this report, 473 Ayurvedic and Unani dispensaries in the province including the subsidized dispensaries were allotted grants-in-aid for the year 1937–38. The dispensaries in the rural areas treated 2,359,710 patients free of charge during the year under report as against 2,321,838 patients in the previous year. The dispensaries in the urban areas afforded medical relief free of charge to 2,573,943 patients as against 2,335,249 patients in the preceding year. The total number of patients treated free of charge by these dispensaries was 4,933,653, in the year under report as against 4,657,087 in the preceding year at a cost of Rs.49,500 sanctioned by Government under head "Development of Indigenous systems of medicine in the United Provinces" *vide* Statement no. I attached to this report.

All these dispensaries have done valuable work during the year under report. The sum of Rs.50,000 or less placed at the disposal of the Board so far has proved wholly inadequate to meet the needs of the public and private indigenous dispensaries and institutions which require aid for the furtherance of their work. It appears from the reports of the inspecting officers that a large number of new dispensaries particularly in rural areas, are capable of doing very useful work and deserve Government aid. Many Vaids and Hakims ask for assistance every year but the Board is unable to help them owing to the inadequacy of funds at its disposal. The Board looks up to the State for its patronage to the indigenous systems of medicine also which are both economical and efficacious and which suit the temperament of a very large section of the general public.

Ayurvedic and Unani Schools and Colleges

13. There are 5 Ayurvedic schools at Cawnpore, Pilibhit, Etawah, Jhansi, and Bahraich and 4 Unani schools (3 at Lucknow and 1 at Allahabad) which receive grants from the Board for the expenses of the dispensaries attached to them and for imparting training in the indigenous system of medicine. These institutions (with the exception of the Bundelkhand Ayurvedic College at Jhansi) do not receive any aid from Government direct.

Two Ayurvedic and Unani schools, 1 at Hardwar and the other at Lucknow, and 2 Ayurvedic and Unani Colleges, at Benares and Aligarh, receive aid from Government direct.

These four State-aided institutions also receive aid from the Board for the maintenance of their dispensaries. The Ayurvedic and Unani schools which do not receive any aid from Government direct deserve adequate help to enable them to bring themselves to the required standard of recognition which it is essential that they should acquire in the interests of the indigenous systems of medicine. It has not been possible to accord recognition to these institutions (except the Unani School at Allahabad) so far for want of funds. If these institutions are helped adequately, the services of a large number of Vaids and Hakims, trained according to the modern requirements will be available to the general public. The Board, however, is not in a position to help these institutions adequately unless the Government is pleased to increase the lump sum grant placed at its disposal annually. Out of the 13 institutions referred to above only 5, viz. the Tibbia College, Muslim University, Aligarh, the Ayurvedic College, Benares Hindu University, Benares, the Rishikul Ayurvedic College (School), Hardwar, the State-aided Unani Medical School, Lucknow, and the Unani Medical School, Allahabad, have so far been recognized by the Board. Detailed particulars of the working of all these schools and colleges are contained in Statement no. II attached to this report.

Realizing the need of the establishment of Ayurvedic and Unani museums and libraries in the province, it has been decided by the Board that all recognized institutions, including the Muslim University, Aligarh and the Hindu University, Benares, be requested to arrange for the opening of an Ayurvedic or Unani museum and library connected with each of those institutions for the benefit of the students and the public and that Government be moved to sanction a suitable grant for the establishment of a Central Unani museum and library at Aligarh and a central Ayurvedic museum and library at Benares for the benefit of the profession at large and the members of the general public.

Inspections and Reports

14. During the year under report the Board requested the Revenue authorities to inspect 474 aided and subsidized dispensaries and educational institutions (461 dispensaries and 13 educational institutions) in the urban and rural areas. All these dispensaries and institutions were inspected by them.

The Board requested the district boards in the province to inspect 221 aided and subsidized dispensaries and educational institutions (219 dispensaries and 2 educational institutions) excluding 105 dispensaries of their own in the rural areas out of the 474 dispensaries and educational institutions which the Revenue authorities were asked to inspect but they inspected only 153 dispensaries and 2 educational institutions. They did not inspect 66 dispensaries.

The municipal boards were requested to inspect 137 aided dispensaries and educational institutions (126 dispensaries and 11 educational institutions) excluding 11 dispensaries of their own in the urban area out of the 474 dispensaries and educational institutions which the Revenue authorities were asked to inspect but they inspected 87 dispensaries and 10 educational institutions and did not inspect 40 dispensaries.

The Revenue authorities were also requested to report on 352 new dispensaries in urban and rural areas which had applied for grants and subsidies during the year under review. They submitted reports about 305 dispensaries. The remaining 47 were not reported on. The district boards were requested to furnish reports regarding 278 new dispensaries in rural areas out of the 352 dispensaries which the Revenue authorities were asked to inspect but they submitted reports about 160 dispensaries and did not send any report as to the remaining 118 dispensaries. The municipal boards were asked to report on 74 new dispensaries in urban areas out of the 352 dispensaries about which the Revenue authorities were asked to report but they submitted reports regarding 55 dispensaries and did not send any report about 19 dispensaries.

From these figures it will appar that although an appreciably large number of dispensaries and institutions were inspected by the Revenue authorities during the year under report the local bodies did not do so and many dispensaries and institutions were not inspected by them. Printed forms containing the points on which the inspection should be proceeded were supplied by the Board to the Revenue authorities and the district and municipal boards as usual.

Inspection by Members of the Board

15. In pursuance of the desire of the Government as expressed in Medical Department G. O. no. 543/V—107, dated the 30th March, 1933, to the effect that the members of the Board of Indian Medicine, United Provinces, should, in the course of their ordinary avocations, inspect the Ayurvedic and Unani dispensaries and institutions which are in receipt of grants-in-aid from the Board, certain members of the Board, viz. Hakim Ahmad Usmani, Pandit Jagan Nath Prasad Shukla, Vaid, Hakim Mohammad Nasiruddin Zahiri and Pandit Shri Sadayatan Pande, M.L.C., inspected 41, 5, 14 and 1 dispensaries, respectively, during the year under the report. Some members of the Grants-in-aid Committee also favoured the Board with their opinion about the work of other dispensaries at the time that grants were distributed.

Conclusion

16. The members of the Board evinced considerable interest in all matters which came up before them during the year under report and an acknowledgment is due to them for the valuable assistance rendered by them. Mr. S. Phillips worked as Secretary of the Board during the

year under review. Last year I recorded the following remarks as regards his work on the Board :

> " I have again this year great pleasure in endorsing my opinion of previous years as regards the services of Mr. S. Phillips as Secretary of the Board. He has succeeded in maintaining the high level of efficiency in the work of the Board and in conscientious discharge of his duties as such. My only regret is that his splendid services for a continuously long period now have not still received any suitable recognition at the hands of Government."

I repeat these observations this year also and have only to add that I appreciate very much the services rendered by Mr. Phillips.

The two clerks, Babu Babu Lal and Babu Gopal Krishna Gupta, attached to the office of the Board, have also worked hard and have carried out their duties to my entire satisfaction.

WAZIR HASAN,

LUCKNOW : *Chairman.*

27th February, 1939.

STATEMENT I

Statement showing the number of Patients treated by Ayurvedic and Unani Dispensaries and Institutions in the United Provinces, which receive Aid and Subsidy from the Board of Indian Medicine, United Provinces, Lucknow, for the year 1937-38.

6	Kailash Chandra Shukla	Ditto ..	Anatomy (Theoretical and Practical).
16	Som Prakash Arya ..	Ditto ..	Materia Medica (Theoretical and Practical).
17	Vidya Nidhi Sharma ..	Ditto ..	Physiology (Theoretical and Practical).

WAZIR HASAN,

Chairman, Board of Indian Medicine,
United Provinces.

No. 677/V—151

FROM

R. N. DEY, ESQ., I.C.S.,

SECRETARY TO GOVERNMENT,

UNITED PROVINCES.

TO

THE CHAIRMAN, BOARD OF INDIAN MEDICINE,

UNITED PROVINCES.

Dated Lucknow, the 1st May, 1939.

SIR,

Medical Department.

I AM directed to acknowledge receipt of your letter no. 301/III—1, dated the 27th February, 1939, with which you forwarded a copy of the Annual Report on the Working of the Board of Indian Medicine, United Provinces, for the year 1937–38, and to convey to you and to the members of the Board the appreciation of Government of the good work done by the Board during the year under the review.

2. It is noted with satisfaction that an appreciable portion of the allotment of Rs.49,500 placed at its disposal by Government was spent in affording medical aid to the rural population. The question of raising this allotment will be taken up on the passing into law of the United Provinces Indian Medicine Bill which would confer a statutory status on the Board.

3. The continued popularity of the registration of Vaidyas and Hakims shows that its advantages are being increasingly realized by the indigenous practitioners in these provinces. It is understood that there was a large increase in the number of applications for registration during 1938–39, owing to the orders of Government that Vaidyas and Hakims for the dispensaries to be opened in rural areas should be registered (except in the case of the degree-holders of some very important institutions), and it is expected that on the passing into Act of the United Provinces Indian Medicine Bill, unregistered quacks who bring a bad name on the whole profession will gradually disappear.

4. The examination result of the various institutions affiliated to the Board for teaching the Ayurvedic and the Unani systems of medicine continued to be satisfactory. Government have again paid during 1938–39 non-recurring grants of Rs.2,500 each to the Rishikul Ayurvedic College, Hardwar, and the State-aided Unani Medical School. The recurring annual grant for the Bundelkhand Ayurvedic College, Jhansi, has been raised to Rs.5,000 with effect from 1939–40, and a non-recurring grant of Rs.4,000 was paid to the institution during 1938–39. A non-recurring grant of Rs.500 was also sanctioned for the Wahajya Tibbia College, Lucknow, during 1938–39.

5. The inspection of the Ayurvedic and Unani institutions by the Revenue authorities and the local bodies was fairly satisfactory during the year. The question of constituting a regular inspecting agency for the purpose is engaging the attention of Government.

6. Government note with satisfaction that the Secretary of the Board and the two clerks continued to do hard and satisfactory work. The question of the re-organization of the office will, as already stated in G.O. no. 2034/V—397, dated the 17th November, 1938, be taken up on the passing into Act of the United Provinces Indian Medicine Bill and the creation of the Statutory Board of Indian Medicine.

I have the honour to be,

SIR,

Your most obedient servant,

R. N. DEY,

Secretary.

REPORT

FOR THE YEAR 1938-39

Annual Report on the Working of the Board of Indian Medicine, United Provinces, for the year 1938-39

The constitution of the Board of Indian Medicine, United Provinces, during the year 1938–39 was as follows :

CHAIRMAN

(1) Sir Syed Wazir Hasan, Ex-Chief Judge of Oudh, Lucknow.

MEMBERS

(2) Shri Lakshmi Narain, B.A. (HONS.) M.L.C., Parliamentary Secretary to the Hon'ble the Minister of Communications and Irrigation, United Provinces, Lucknow, from the 27th September, 1938.

Nominated by the Government

(3) Hakim Mohammad Nasiruddin Zahiri, Babush-Shifa, Karam Ali Street, Meerut.

(4) Khan Sahib Hakim Saiyid Wahiduddin Ahmad Jafri, Allahabad.

(5) Pandit Shiam Lal, Vaid, Chowk, Lucknow.

(6) Pandit Ganesh Datt Saraswat, B.A., Ayurvedacharya Rishikul Ayurvedic College, Hardwar.

(7) Shifa-ul-Mulk Hakim Abdul Hamid, Takmil-ut-Tib College, Lucknow.

Elected by the United Provinces Legislative Council

(8) M. Izhar Ahmad Faruqi, B.A., M.L.C., Bara Banki, from the 23rd December, 1938.

Elected by the United Provinces Legislative Assembly

(9) Shri R. V. Dhulekar, M.A., LL.B., M.L.A., Jhansi, from the 22nd September, 1938.

(10) Pandit Shiv Ram, Vaid, M.L.A., Lucknow, from the 22nd September, 1938.

Representing the Unani Teaching Institutions

(11) Shifa-ul-Mulk Hakim Abdul Hasib, Cantonment Road, Lucknow.

Representing Ayurvedic Teaching Institutions

(12) Kaviraj Pratap Sinha, Ayurvedic Pharmacy, Benares Hindu University, Benares.

Representing Unani Teaching Institutions

(13) Hakim Abdul Latif, Tibbia College, Muslim University, Aligarh.

Representing Ayurvedic Teaching Institutions

(14) Pandit Rajeshwar Datt Misra, Ayurvedic College, Benares Hindu University, Benares.

Representing Registered Vaids

(15) Pandit Jagan Nath Prasad Shukla, Daraganj, Allahabad.

(16) Pandit Jagan Nath Sharma Bajpai, M.A., Assi, Benares.

Representing Registered Hakims

(17) Hakim Ahmad Usmani, Sabzimandi, Allahabad.

(18) Hakim Maulvi Zaheer Alam, Nakhas Kohna, Allahabad.

Elected by the Benares Hindu University, Benares

(19) Pandit Satya Narain Shastri, Benares, from the 23rd December, 1938.

Elected by the Muslim University, Aligarh

(20) Dr. A Butt, M.D., M.B., B.S., Tibbia College, Aligarh.

Elected by the Allahabad University, Allahabad

(21) Dr. S. B. Dutt, D.SC., Allahabad, from the 23rd December, 1938.

Elected by the Lucknow University, Lucknow

(22) Rai Bahadur, Lala Mathura Prasad Mehrotra, B.A., Biswan, district Sitapur.

Elected by the United Provinces Anjuman Tibbia, Lucknow

(23) Hakim Mohammad Abdul Moid, Jhawai Tola, Lucknow.

Elected by the United Provinces Vaid Sammelan, Cawnpore

(24) Pandit Rameshwar Misra, Vaid, Cawnpore.

SECRETARY

(25) Mr. S. Phillips, Lucknow.

2. There has been no change in the constitution of the Board except that the two seats for members elected by the United Provinces Legislative Assembly and one seat elected by the United Provinces Legislative Council, which were vacant, were filled up by the Government during the year under report.

The Board has requested Government to have the rules for elections amended so as to confer on the members of the Board the right and privilege of voting at the elections of the Council of State, the Central Legislative Assembly and the Federal Assembly. Orders of Government are still awaited.

Meetings of the Board and Sub-Committees

3. As usual, two general meetings of the Board were held in the year under report and the following sub-committees consisting of elected members of the Board also functioned from time to time:

(1) Examination Board,
(2) Courses Committee,
(3) Recognition Committee,
(4) Grants-in-aid Committee,
(5) Registration Committee, and
(6) Finance Committee.

There has been an abnormal increase in the work of the Board during the year 1938-39. A very large number of applications were received from Vaids and Hakims in the province and outside it for registration of their names. The Board also considered a large number of applications from dispensaries and educational institutions for grants-in-aid, and these also occupied the serious attention of the Board during the year.

Examination Board

4. According to the previous practice the Board conducted both the practical and theoretical examinations of candidates in Ayurvedic and Unani medicines from the educational institutions affiliated to it in March and April, 1938, at four centres, that is, Lucknow, Aligarh, Allahabad and Hardwar. The total number of candidates who appeared at these examinations was 118 as against 126 last year.

Ten candidates out of 12 were successful in the 5th Year Unani College (Final) Examination for the Diploma in Indigenous Medicine (Unani) and Surgery from the Tibbia College, Muslim University, Aligarh, while 2 candidates were placed in the compartment.

Twelve candidates out of 16 who appeared at the 3rd Year Unani Examination from that College were successful while 2 candidates were placed in the compartment and 2 failed.

Twenty candidates out of 23 who appeared at the 2nd Year Unani Examination from the same College were successful. One candidate was placed in the compartment and 2 failed.

Five candidates out of 10 were successful in the 4th Year Unani Schools (Final) Examination for the Diploma in Indigenous Medicine (Unani) from the Unani Medical School, Allahabad, while 3 were placed in the compartment and 2 failed.

Six candidates appeared at the 2nd Year Unani Schools Examination from that school. Out of these 4 were successful and 2 were placed in the compartment.

Three candidates out of 7 passed the 4th Year Unani Schools (Final) Examination for the Diploma in Indigenous Medicine (Unani) from the State-aided Unani Medical School, Lucknow, while one was placed in the compartment and 3 failed.

Eight candidates appeared at the 2nd Year Unani Schools Examination from that school. Out of these 5 were successful, 2 were placed in the compartment and 1 failed.

Eight candidates out of 14 passed the 4th Year, 2nd Professional, Part B, Ayurvedic Schools (Final) Examination for the Diploma in Indigenous Medicine (Ayurvedic) from the Rishikul Ayurvedic College (School), Hardwar. Four candidates were placed in the compartment and 2 failed.

Eleven candidates out of 14 passed the 3rd Year, 2nd Professional, Ayurvedic Schools Examination, Part A, from that institution, while 2 candidates were placed in the compartment and 1 failed.

Six candidates out of 8 passed the 2nd Year, 1st Professional, Ayurvedic Schools Examination from the same institution, while 2 were placed in the compartment.

The examination results were published in Part IV of the *United Provinces Government Gazette*, dated the 4th June, 1938, at pages 445–47.

The examinations at each centre were held in the presence of one or more members of the Board.

The fee realized from the examinees on account of admission to the examination was Rs.1,159.

Compartmental examinations of the Ayurvedic and Unani educational institutions affiliated to the Board were held six months after the date of the annual examinations, i.e. in the month of October, 1938.

Two candidates who had been placed in the compartment in the 5th Year Unani College (Final) Examination (Annual) held in April, 1938, passed in the subjects in which they had failed in that examination.

Two candidates who were placed in the compartment at the 3rd Year Unani College Examination (Annual) held in April, 1938, passed in the subjects in which they had failed in that examination.

The candidate who was placed in the compartment at the 2nd Year Unani College Examination (Annual) held in April, 1938, was also successful.

Three candidates of the Unani Medical School, Allahabad, who were placed in the compartment at the 4th Year Unani Schools (Final) Examination (Annual) were successful. The candidate belonging to the State-aided Unani Medical School, Lucknow, was absent at the compartmental examination of the 4th Year class.

Two candidates belonging to the Unani Medical School, Allahabad, who were placed in the compartment at the 2nd Year Unani Schools Examination (Annual), were also successful.

One candidate out of 2 belonging to the State-aided Unani Medical School, Lucknow, who were placed in the compartment at the 2nd Year Unani Schools Examination (Annual) held in April, 1938, was also successful.

Four candidates who were placed in the compatment at the 4th Year, 2nd Professional, Part B, Ayurvedic Schools (Final) Examination (Annual) held in March and April, 1938, were successful.

One out of 2 candidates who were placed in the compartment at the 3rd Year, 2nd Professional, Part A, Ayurvedic School Examination held in March and April, 1938, was also successful.

One candidate out of 2, who were placed in the compartment at the 2nd Year Ayurvedic School Examination, was also successful.

Convocation

5. The Board held the sixth Convocation of the affiliated Ayurvedic and Unani educational institutions on 12th February, 1939, at Wazir Manzil, Wazir Hasan Road, Lucknow, where the office of the Board is situated. Diplomas and medals were awarded to the successful candidates at that Convocation. Two addresses were delivered at the Convocation—one by Sir Syed Wazir Hasan, Chairman and the other by Sriyut R. V. Dhulekar Sahib, M.L.A., a member of the Board. At the conclusion of the Convocation the Chairman and the members of the Board were "At Home" to the guests on the grounds of Wazir Manzil.

Sir Wazir Hasan's Gold Medal was awarded to Chaitanya Swarup for standing first at the 4th Year Ayurvedic Schools (Final) Examination.

Shri Lakshmi Narain Sahib's Gold Medal was awarded to Agha Ali Ahmad for standing first at the 4th Year Unani Schools (Final) Examination.

Dr. A. Butt's Gold Medal (described as Sir Wazir Hasan's Gold Medal) was awarded to Mohammad Ainun Naeem for standing first at the 4th Year Unani College (Final) Examination.

Shifa-ul-Mulk Hakim Abdul Hamid Sahib's Gold Medals were awarded to Riaz Ahmad and Aijaz Husain for obtaining highest marks in Moalejat at the 4th Year Unani Schools (Final) Examination.

Shri R. V. Dhulekar Sahib's Gold Medal was awarded to Mohammad Ainun Naeem for obtaining highest marks in Moalejat at the 5th Year Unani College (Final) Examination.

Pandit Shiv Ram Vaidya Sahib's Silver Medal was awarded to Mohammad Ainun Naeem for obtaining highest marks in Surgery at the 5th Year Unani College (Final) Examination.

Hakim Abdul Latif Sahib's Silver Medal was awarded to S. Mohmud Akhtar for standing 2nd in the 5th Year Unani College (Final) Examination.

Hakim Mohammad Nasiruddin Zahiri Sahib's Silver Medal was awarded to Ram Gopal Sharma for standing 2nd at the 4th Year Ayurvedic Schools (Final) Examination.

Pandit Ganesh Datt Saraswat Sahib's Gold Medal was awarded to Ram Gopal Sharma for obtaining highest marks in Medicine no. II at the 4th Year Ayurvedic Schools (Final) Examination.

Pandit Jagan Nath Sharma Bajpai Sahib's Gold Medal was awarded to Chaitanya Swarup for obtaining highest marks in Medicine no. I at the 4th Year Ayurvedic Schools (Final) Examination.

Hakim Ahmad Usmani Sahib's Silver Medal was awarded to Shri Ram Katyar for standing first at the 2nd Year Ayurvedic Schools Examination.

Pandit Rameshwar Misra Vaid Sahib's Silver Medal was awarded to Mohammad Yunus Khan for standing first at the 2nd Year Unani Schools Examination.

Pandit Jagan Nath Prasad Shukla Sahib's Silver Medal was awarded to Aijaz Husain for standing second at the 4th Year Unani Schools (Final) Examination.

Pandit Satya Narain Shastri Sahib's Silver Medal was awarded to Said Badshah for standing first at the 3rd Year Unani College Examination.

The graduates of the educational institutions affiliated to the Board are well qualified as indigenous medical practitioners and as they have gone through regular courses of study extending over 4 or 5 years, their services can be utilized by Government with advantage. The Board considers that, having regard to their training and qualifications, they should be given preference over others in the Rural Development Scheme. They will certainly be an acquisition to the service as they have been trained not only in the indigenous systems of medicine but also to a large extent in the allopathic system.

Courses Committee

6. During the year under report, certain new books were added to the Ayurvedic and Unani courses on the recommendation of the Courses Committee. The Board has under contemplation the question of amplification of the modern subjects taught in Ayurvedic schools.

Recognition Committee

7. Certain applications were received by the Board from unrecognized Ayurvedic and Unani educational institutions in the province for affiliation to the Board. These applications were referred to the Recognition Committee for report. The Recognition Committee, however, was unable to visit these institutions owing to paucity of funds. This work will be undertaken as soon as funds are available.

Distribution of Grants

8. In order to bring medical aid through qualified practitioners of the Ayurvedic and Unani systems of medicine within easier reach of the rural population, Government has introduced a scheme designed to encourage the establishment of Aushdhalayas and Dawakhanas and for settling Vaids and Hakims in suitable centres in the rural areas under a system of Government subsidies. Apart from fulfilling the object mentioned above the scheme has provided employment to many qualified and registered vaids and hakims. The Board distributed grants varying from Rs.60 to Rs.2,775 during the year under review out of the allotment of Rs.49,500 placed at its disposal to 467 dispensaries as against 473 dispensaries in 1937-38. A portion of this allot-

ment was utilized in subsidising 88 indigenous medical practitioners who had agreed to settle down in villages and small towns for practice and to give free medical aid to the villagers there. The details are given below :

Ayurvedic

		Rs.
	77 private dispensaries in rural areas	4,890
	32 public dispensaries in rural areas	3,760
	37 private dispensaries in urban areas	2,360
	23 public dispensaries in urban areas	5,690
	83 dispensaries under the control of 12 district boards in the province	1,645
	5 dispensaries under the control of 4 municipal boards in the province	375
	2 dispensaries maintained by recognized teaching institutions which also receive aid from Government direct	2,300
	1 dispensary maintained by an unrecognized teaching institution which also receives aid from Government direct	580
	4 dispensaries maintained by unrecognized teaching institutions which do not receive any aid from Government direct	1,870
	45 subsidised dispensaries	5,400
309	Total ..	28,870

Unani

	40 private dispensaries in rural areas	2,610
	38 private dispensaries in urban areas	2,640
	4 public dispensaries in urban areas	505
	21 dispensaries under the control of 11 district boards in the province	1,545
	6 dispensaries under the control of 4 municipal boards in the province	375
	2 dispensaries maintained by recognized teaching institutions which also receive aid from Government direct	2,100
	1 dispensary maintained by a recognized teaching institution which does not receive any recurring aid from Government direct	2,200
	3 dispensaries maintained by unrecognized teaching institutions which do not receive any recurring aid from Government direct	3,495
	43 subsidised dispensaries	5,160
158	Total ..	20,630
	Grand total, 467 dispensaries ..	49,500

In the previous year 373 dispensaries (actual including 87 subsidised dispensaries) were in receipt of grants from the Board. Out of these 344 dispensaries (including 73 subsidised dispensaries) were allotted grants again in the year under report. The remaining 29 dispensaries (including 14 subsidised dispensaries) were not given any grants as some of them were not reported on favourably by the inspecting authorities, or they were closed down or did not do any useful work justifying the continuance of the grants to them. Others failed to carry out the instructions of the Board in regard to submission of monthly and annual returns to its office.

The number of new applications for grants was 299 (216 Ayurvedic and 83 Unani) of which only 24 (10 Ayurvedic and 14 Unani) were given grants. Four municipalities, i.e. Orai, Agra, Bareilly, and Lucknow and the District Boards of Lucknow, Hardoi, Rae Bareli, Bahraich, Ballia, Jhansi, Hamirpur, Fatehpur, Farrukhabad, Etah, Pilibhit, and Fyzabad, twelve in number, were also given grants for the year 1938–39.

The distribution of the lump sum allotment placed at the disposal of the Board for a financial year has so far been made in the month of February of that year. The Board has now decided to distribute the grants in the beginning of the financial year for which they are meant rather than at the end of the financial year.

Registration of Vaids and Hakims

9. During the year under report the Board was inundated with work connected with registration of Vaids and Hakims. Shoals of applications were received almost everyday from Vaids and Hakims for registration of their names. Three thousand and seventy-two applications were received from Vaids and 538 applications were received from Hakims. Two thousand five hundred and four Vaids (596 A class and 1,908 B class) and 480 Hakims (197 A class and 283 B class) were registered in the year under review and many applications were rejected as the qualifications of the persons presenting them were not of the required standard. The United Provinces Indian Medicine Bill is about to be passed by Government and it is expected that applications for registration will keep pouring in large numbers as years go by. It will thus appear that at least three clerks will be required in future to deal with these applications only, so that the work may be completed in time.

The fee realized on account of registration from 2,504 Vaids and 480 Hakims, who were registered during the year 1938–39, amounts to Rs.18,885.

A sum of Rs.165-6 was also realized by the Superintendent, Government Printing and Stationery, United Provinces, Allahabad, during the year from the sale of 1,323 copies of registration rules. The Superintendent also realized Rs.14-10 from the sale of 9 copies of the list of registered Vaids and Hakims. Further, he realized a sum of Re.1-8 from the sale of 3 copies of reports on the working

of the Board printed at the Government Press. Twenty-three copies of the Ayurvedic Schools' prospectus were also sold for Rs.8-10.

The question of revision of the existing registration rules has been deferred till the passing of the United Provinces Indian Medicine Bill.

The scheme for the registration of Vaids and Hakims has gained very great popularity owing to the introduction of the Indian Medicine Act which may be enforced shortly and also because preference is given to registered Vaids and Hakims at the time that appointments are made in Government-aided dispensaries. During the year under report for institutions, i.e. the Sanatan Dharma Premgiri Ayurvedic College, Lahore, the Jamai Tibbia College, Delhi, the Zenana Ayurvedic and Tibbia College, Delhi, and the Indian Institute of Medicine (Unani Medical School), Allahabad, were recognized by the Board for purposes of registration.

Accounts, Forms, Stationery, Furniture, and Movable Property

10. As usual, the accounts of the Board were kept in proper order during the year under review. All the registers required for purposes of the accounts were maintained and they were audited by Government auditors. The Chairman of the Board dealt with all questions relating to the finances of the Board during the year. The auditors also examined stock-books of forms, stationery, furniture and movable property maintained by the Board.

Office Establishment

11. There has been an abnormal increase in the activities of the Board in various directions during the year under report. As a result the work in the office has considerably increased. As reported previously on several occasions the office is hopelessly under-manned and the staff has great difficulties in getting through the work. The need for extra staff is absolutely necessary.

The number of letters received in the office during the year under review was 11,379 and the number of letters despatched was 5,282. 4,476 monthly returns, 373 annual returns, 722 inspection notes and 424 reports were also received in the office. These had to be scrutinised carefully in order that they might be of use to the Grant-in-aid Committee.

An allowance of Rs.15 per mensem was also paid for six months with effect from 1st April, 1938 to a part-time clerk, who was engaged at the Tibbia College, Muslim University, Aligarh, in connection with examination work.

Working of the Dispensaries

12. It will appear from paragraph 8 of this report that 309 Ayurvedic and 158 Unani dispensaries in the province were allotted grants-in-aid for the year 1938–39. The dispensaries in the rural areas treated 2,553,422 patients free of charge during the year under review as against 2,359,710 patients in the previous year. The dispensaries

in the urban areas treated 2,283,263 patients free of charge as against 2,573,943 patients in the preceding year. The total number of patients treated free of charge by these dispensaries was 4,836,685 in the year under report as against 4,933,653 in the preceding year at a cost of Rs.49,500 sanctioned by Government under head " Development of indigenous systems of medicine in the United Provinces " *vide* Statement no. I attached hereto.

Considering the number of the districts in the province and the valuable work done by these dispensaries the grant of Rs.49,500 is quite inadequate to meet the needs of the public and private indigenous dispensaries and educational institutions which require aid for the continuance of their work. Every year a large number of new deserving cases come up before the Board, but owing to inadequate funds at its disposal it is unable to do anything for them. The indigenous systems of medicine, besides being economical and efficacious, suit the temperament of a very large section of the general public, specially in villages, and deserves sympathetic considerations of Government.

Ayurvedic and Unani Schools and Colleges

13. The number of Ayurvedic and Unani educational institutions receiving grants from the Board remains the same this year as in the previous year. There are five Ayurvedic Schools at Etawah, Jhansi, Cawnpore, Pilibhit and Bahraich and four Unani Schools (three at Lucknow and one at Allahabad, which is affiliated to the Board) which receive aid from the Board for the maintenance of the dispensaries attached to them and for imparting training in the indigenous systems of medicine. Out of these nine institutions only the Bundelkhand Ayurvedic College at Jhansi, the Unani Medical School at Allahabad and the Tibbia Wahajiya College, Lucknow, received aid from Government direct for the year under report.

In addition, there are two Ayurvedic and Unani Schools at Hardwar and Lucknow and two Ayurvedic and Unani Colleges at Benares and Aligarh, respectively, which receive aid from Government direct. The Board also gives aid to these four State-aided institutions, which are recognized by Government, for the maintenance of their dispensaries which give free medical aid to the general public.

The institutions which do not receive any aid from Government direct deserve the patronage of Government, so that they may bring themselves up to the required standard. If these institutions receive such aid from the Board as would enable them to get themselves recognized, the services of a large number of qualified Vaids and Hakims trained according to modern systems of treatment would be available to the general public. It is mostly for this reason that the Board has all along asked for an increase in the lump sum allotment placed at its disposal annually.

Out of the above 13 institutions only five, namely, the Tibbia College, Muslim University, Aligarh, the Ayurvedic College, Hindu University, Benares. the Rishikul Ayurvedic College (School), Hardwar, the State-aided Unani Medical School, Lucknow, and the Unani Medical School, Allahabad, have so far been recognized by the Board. Apart from the fact that a very small number of institutions has been recognized, the question of recognition of more institutions is of extreme importance so that students graduating themselves from these institutions after going through a complete course may be of real service to humanity. Further particulars on the working of these institutions are contained in Statement no. II attached to this report.

Inspection and Reports

14. The Board requested the Revenue authorities during the year under report to inspect 473 aided dispensaries and educational institutions (460 dispensaries and 13 educational institutions) in urban and rural areas. They inspected 431 dispensaries and 13 educational institutions and did not inspect 29 dispensaries.

The district boards were requested to inspect 226 aided dispensaries and educational institutions (224 dispensaries and 2 educational institutions) excluding 105 dispensaries of their own in the rural areas out of the 473 dispensaries and educational institutions which the Revenue authorities were asked to inspect, but they inspected only 155 dispensaries and 2 educational institutions; the remaining 69 dispensaries were not inspected at all.

The Board requested the municipal boards to inspect 131 aided dispensaries and educational institutions (120 dispensaries and 11 educational institutions) excluding 11 dispensaries of their own in urban areas out of the 473 dispensaries and educational institutions, which the Revenue authorities were asked to inspect, but they inspected 110 dispensaries and 11 educational institutions and did not inspect 10 dispensaries.

Further, the Revenue authorities were requested to report on 299 new dispensaries in urban and rural areas which had applied for grants during the year under review. They reported on 247 new dispensaries and did not submit any report about the remaining 52 dispensaries.

The district boards were requested to report on 225 dispensaries in rural areas out of the 299 new dispensaries which the Revenue authorities were asked to inspect. They submitted reports about 112 new dispensaries and did not send any report as to the remaining 113 dispensaries.

The municipal boards were asked to report on 74 dispensaries in urban areas out of the 299 new dispensaries about which the Revenue authorities were asked to report. They submitted reports about 65 new dispensaries and did not send any report about 9 dispensaries.

In short, the Revenue authorities inspected 691 dispensaries and educational institutions out of 772 (old and new). Eighty-one dispensaries were not inspected by them. The district boards inspected 269 dispensaries and educational institutions out of 451 (old and new). One hundred and eighty-two dispensaries were not inspected by them. The municipal boards inspected 186 dispensaries and educational institutions out of 205 (old and new). Nineteen dispensaries were not inspected.

These figures show that although the local authorities inspected a large number of dispensaries and all the educational institutions during the year under review, there were some dispensaries which were not inspected by them.

Printed forms showing the points on which inspections should have proceeded were supplied by the Board to the Revenue authorities and to the district and municipal boards as usual, and the forms were used by them at the time of inspections of such dispensaries and educational institutions as were visited by them.

Inspection by Members of the Board

15. Pandit Jagan Nath Prasad Shukla and Pandit Shyam Lal Vaid inspected 1 and 2 dispensaries, respectively. Besides these, some members of the Grants-in-Aid Committee inspected certain dispensaries and favoured the Board with their opinion on the working of those dispensaries at the time of the distribution of the grants.

16. In conclusion, I wish to express my thanks to the Members of the Board and the members of the various sub-committees for the keen interest and attention which they bestowed on the work of the Board during the year under report.

As in the previous years so in this year Mr. S. Phillips has maintained the high standard of efficiency, integrity and thoroughness in the discharge of his work as Secretary of the Board. I do earnestly hope that his meritorious services for a continuously long period of time will soon receive recognition from Government in a suitable manner.

The two clerks attached to the Board, B. Babu Lal and B. Gopal Krishna Gupta, discharged their duties efficiently and gave entire satisfaction.

WAZIR HASAN,

LUCKNOW: *Chairman, Board of Indian Medicine,*

9th December, 1939. *United Provinces.*

STATEMENT I

Statement showing the Number of Patients treated by Ayurvedic and Unani dispensaries and Institutions in the United Provinces which received Aid and Subsidy from the Board of Indian Medicine, United Provinces, Lucknow, for the year 1938–39.

16	15	Mustajabuddin	III	
17	5	Mahboob Raza	III	

The following candidates have passed the 4th Year, 2nd Professional, Part B, Ayurvedic School (Final) Examination, for the Diploma in Indigenous Medicine (Ayurvedic), held by the Board of Indian Medicine, United Provinces, from the Rishikul Ayurvedic College (School), Hardwar :

Order of merit	Roll number	Name of candidate	Division secured	Distinguished in—
1	1	Chaitanya Swaroop	II	
2	7	Ram Gopal Sharma	II	
3	8	Roshan Lal Chopra	II	
4	4	Dharam Pal Sharma	III	
5	6	Rameshwar Datt Sharma	III	
6	13	Shiv Lal	III	
7	9	Sardari Lal	III	
8	11	Shiva Datt Kapoor	III	

The following candidates have passed the 3rd Year, 2nd Professional, Part A, Ayurvedic School Examination of the Board of Indian Medicine, United Provinces, from the Rishikul Ayurvedic College (School), Hardwar :

Order of merit	Roll number	Name of candidate	Division secured	Distinguished in—
1	4	Ch. Phul Singh	I	Hygiene.
2	2	Beni Prasad	II	
3	9	Ram Chandra Vaidya	II	
4	8	Mathura Datt Joshi	II	
5	12	Shiam Lal Sharma	II	
6	7	Krishna Dayal Katiyar	II	
7	5	Jagdish Prasad Sharma	II	
8	3	Brij Lal	II	
9	1	Acharaj Lal Dang	II	
10	14	Som Prakash Arya	II	
11	10	Ram Prasad Singhal	III	

The following candidates have passed the 2nd Year, 1st Professional, Ayurvedic School Examination of the Board of Indian Medicine, United Provinces, from the Rishikul Ayurvedic College (School), Hardwar :

Order of merit	Roll number	Name of candidate	Division secured	Distinguished in—
1	7	Shri Ram Katiyar	I	
2	2	Dular Singh Gautam	II	
3	5	Parma Nand Mehta	II	
4	8	Shubh Karan Sharma Khandal	II	
5	6	Shant Kumar Jain	III	
6	4	Kashi Ram Pandey	III	

The following candidates have passed the 4th Year Unani School (Final) Examination, for the Diploma in Indigenous Medicine (Unani), held by the Board of Indian Medicine, United Provinces :

Order of merit	Roll number	Name of candidate	Name of School	Division secured	Distinguished in—
1	11	Agha Ali Ahmad ..	State-aided Unani Medical School, Lucknow.	II	
2	12	Aijaz Husain ..	Ditto ..	III	
3	16	Syed Mozzaffar Hussain Abidi.	Ditto ..	III	
4	8	Muhammad Yunus ..	Unani Medical School, Allahabad.	III	
5	6	Muhammad Saleem ..	Ditto ..	III	
6	9	Reaz Ahmad ..	Ditto ..	III	
7	2	Abdur Rauf Siddiqi ..	Ditto ..	III	
8	5	Muhammad Mohsin ..	Ditto ..	III	

The following candidates have passed the 2nd Year Unani Schools Examination of the Board of Indian Medicine, United Provinces :

Order of merit	Roll number	Name of candidate	Name of School	Division secured	Distinguished in—
1	12	Muhammad Yunus Khan	State-aided Unani Medical School, Lucknow.	II	
2	10	Muhammad Siddiq Arkani.	Ditto ..	II	
3	13	Syed Aijaz Hussain ..	Ditto ..	II	
4	7	Ali Ahmad ..	Ditto ..	II	
5	14	Tamkinuddin Alvi ..	Ditto ..	III	
6	4	Maqbool Ahmad ..	Unani Medical School, Allahabad.	III	
7	5	Muhammad Ayub ..	Ditto ..	III	
8	1	Abdur Rahim ..	Ditto ..	III	
9	6	Shabbir Ahmad Siddiqi	Ditto ..	III	

The following candidates, having failed in one subject only at the Examination of the Board of Indian Medicine, United Provinces, held in 1938, will be admitted to the next Compartmental Examination of the Board, in the subject noted against each :

Roll numbr	Name of candidate	Class	Name of College or School	Name of subject
7	S. Fakhrul Hasan	V Year	Unani College, Muslim University, Aligarh.	Gynaecology (Theoretical and Practical).
10	Musharraf Hussain	III Year	Ditto ..	Mahiyatul Amraz (Theoretical and Practical).
15	Sk. Hafizullah ..	III Year	Ditto ..	Jurisprudence (Theoretical and Practical).
8	Muhammad Baqar Hasan.	II Year	Ditto ..	Physiology (Theoretical and Practical).
3	Dharam Deo Rai ..	IV Year	Rishikul Ayurvedic College (School), Hardwar.	Medicine no. II (Theoretical and Practical).
10	Shiam Sunder Lal	IV Year	Ditto ..	Surgery (Theoretical and Practical).
12	Shiv Kumar Joshi	IV Year	Ditto ..	Pathology (Theoretical and Practical).
14	Sundar Lal ..	IV Year	Ditto ..	Ditto.
6	Kailash Chandra Shukla.	III Year	Ditto ..	Midwifery (Theoretical and Practical).
11	Rup Chandra Sharma	III Year	Ditto ..	Ditto.
1	Data Ram Sharma	II Year	Ditto ..	Materia Medica (Theoretical and Practical).
3	Ishwar Saran Mathur	II Year	Ditto ..	Physiology (Theoretical and Practical).
3	Abdus Subhan ..	IV Year	Unani Medical School, Allahabad.	Surgery (Theoretical and Practical).
7	Muhammad Sharful Hasan.	IV Year	Ditto ..	Moalejat (Theoretical and Practical).
10	Syed Rafiq Ahmad	IV Year	Ditto ..	Ditto.
14	Syed Asghar Husain	IV Year	State-Aided Unani Medical School, Lucknow.	Surgery (Theoretical and Practical).
2	Abdul Asim Abdul Alim,	II Year	Unani Medical School, Allahabad.	Pathology (Theoretical and Practical).
3	Barkatullah Siddiqi	II Year	Ditto ..	Ditto

WAZIR HASAN,
Chairman, Board of Indian Medicine,
United Provinces.

LUCKNOW :
The 23rd December, 1938.

No. 4278/V—810

FROM

R. N. DEY, ESQ., I.C.S.,

SECRETARY TO GOVERNMENT,

UNITED PROVINCES,

TO

THE CHAIRMAN, BOARD OF INDIAN MEDICINE,

UNITED PROVINCES.

Dated Lucknow, the 6th March, 1940.

SIR,

Medical Department.

I AM directed to acknowledge receipt of your letter no. 322/III—1, dated the 18th December, 1939, with which you forwarded a copy of the annual report on the working of the Board of Indian Medicine, United Provinces, for the year 1938-39, and to convey to you and to the members of the Board the appreciation of Government of the good work done by the Board during the year under review.

2. It is noted with satisfaction that an appreciable portion of the allotment of Rs.49,500 placed at its disposal by Government was spent in affording medical aid to the rural population, the most notable feature of which was the settling down in rural areas of 88 subsidised indigenous medical practitioners who have agreed to give free medical aid to the villagers there.

3. The continued popularity of the registration of Vaids and Hakims shows that the recent orders of Government about giving preference to qualified and registered Vaids and Hakims in making appointments under Government and local boards had the desired effect and that the indigenous practitioners are realizing the advantages of registration.

4. The examination results of the various institutions affiliated to the Board of Indian Medicine for teaching the Ayurvedic and the Unani systems continued to be satisfactory.

5. The inspection of the Ayurvedic and Unani institutions by the Revenue authorities, the local boards and the members of the Board of Indian Medicine, was fairly satisfactory during the year under report. It is hoped that these authorities will coutinue to take interest in the matter until Government are in a position to provide for a regular inspecting agency.

I have the honour to be,

SIR,

Your most obedient servant,

R. N. DEY,

Secretary.
